

SAFETY DATA SHEET DGF14A - Duraglide Dry Lubricant, Aerosol

According to Appendix D, OSHA Hazard Communication Standard 29 CFR §1910.1200

1. Identification	
Product identifier	
Product name	DGF14A - Duraglide Dry Lubricant, Aerosol
Product number	MCC-DGF14A
Recommended use of the che	emical and restrictions on use
Application	Lubricant.
Uses advised against	No specific uses advised against are identified.
Details of the supplier of the s	safety data sheet
Supplier	MICROCARE CORPORATION
Manufacturer	MICROCARE CORPORATION 595 John Downey Drive New Britain, CT 06051 United States of America CAGE: OATV9 Tel: + 1 800 638 0125, +1 860-827-0626 Fax: +1 860-893-1930 techsupport@microcare.com
Emergency telephone numbe	<u>r</u>
Emergency telephone	CHEMTREC 1-800-424-9300 (within the U.S.) +1 703-741-5970 (from anywhere in the world)
2. Hazard(s) identification	
Classification of the substanc	e or mixture
OSHA Regulatory Status	This Product is Not Hazardous under the OSHA Hazard Communication Standard.
OSHA Regulatory Status Physical hazards	This Product is Not Hazardous under the OSHA Hazard Communication Standard. Not Classified
Physical hazards	Not Classified
Physical hazards Health hazards	Not Classified Not Classified
Physical hazards Health hazards Environmental hazards	Not Classified Not Classified
Physical hazards Health hazards Environmental hazards Label elements	Not Classified Not Classified Not Classified
Physical hazards Health hazards Environmental hazards Label elements Hazard statements	Not Classified Not Classified Not Classified NC Not Classified P210 Keep away from heat, sparks, open flames and hot surfaces. No smoking. P211 Do not spray on an open flame or other ignition source. P251 Pressurized container: Do not pierce or burn, even after use P410+P412 Protect from sunlight. Do not expose to temperatures exceeding 50°C /122°F.

This product does not contain any substances classified as PBT or vPvB.

3. Composition/information of	n ingredients	
Mixtures		
HFC-134a Tetrafluoroethan	e 60-100%	
CAS number: 811-97-2		
Classification		
Press. Gas, Liquefied - H28	0	
PROPAN-2-OL	1-5%	
CAS number: 67-63-0	1-5 /0	
Classification Flam. Liq. 2 - H225		
Eye Irrit. 2A - H319		
STOT SE 3 - H336		
Poly-tfe, omega-hydro-alpha	a-(methylcvclohexyl) <1%	
CAS number: 65530-85-0		
Classification Not Classified		
	tements is displayed in Section 16.	
Composition comments	TSCA: The ingredients of this product are on the TSCA Inventory. The exact percentage (concentration) of composition has been withheld as a trade secret in accordance with paragraph (i) of CFR 1900.1200	
Composition		
4. First-aid measures		
Description of first aid measu	res	
General information	If in doubt, get medical attention promptly. Show this Safety Data Sheet to the medical personnel.	
Inhalation	Move affected person to fresh air and keep warm and at rest in a position comfortable for breathing. Loosen tight clothing such as collar, tie or belt. Get medical attention if symptoms are severe or persist.	
Ingestion	Rinse mouth thoroughly with water. Get medical advice/attention if you feel unwell. Do not induce vomiting unless under the direction of medical personnel.	
Skin Contact	Rinse with water.	
Eye contact	Remove any contact lenses and open eyelids wide apart. Rinse with water. Get medical attention if any discomfort continues.	
Protection of first aiders	First aid personnel should wear appropriate protective equipment during any rescue.	
Most important symptoms an	d effects, both acute and delayed	
General information	The severity of the symptoms described will vary dependent on the concentration and the length of exposure.	

Inhalation	Spray/mists may cause respiratory tract irritation.
Ingestion	Due to the physical nature of this product, it is unlikely that ingestion will occur.
Skin contact	Repeated exposure may cause skin dryness or cracking.
Eye contact	May be slightly irritating to eyes. May cause discomfort.
Indication of immediate medic	al attention and special treatment needed
Notes for the doctor	Treat symptomatically.
5. Fire-fighting measures	
Extinguishing media	
Suitable extinguishing media	The product is not flammable. Extinguish with alcohol-resistant foam, carbon dioxide, dry powder or water fog. Use fire-extinguishing media suitable for the surrounding fire.
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as this will spread the fire.
Special hazards arising from t	he substance or mixture
Specific hazards	Containers can burst violently or explode when heated, due to excessive pressure build-up. Bursting aerosol containers may be propelled from a fire at high speed. If aerosol cans are ruptured, care should be taken due to the rapid escape of the pressurized contents and propellant.
Hazardous combustion products	Thermal decomposition or combustion products may include the following substances: Harmful gases or vapors.
Advice for firefighters	
Protective actions during firefighting	Avoid breathing fire gases or vapors. Evacuate area. Cool containers exposed to heat with water spray and remove them from the fire area if it can be done without risk. Cool containers exposed to flames with water until well after the fire is out. If a leak or spill has not ignited, use water spray to disperse vapors and protect men stopping the leak. Control run-off water by containing and keeping it out of sewers and watercourses. If risk of water pollution occurs, notify appropriate authorities.
Special protective equipment for firefighters	Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing. Standard Firefighter's clothing including helmets, protective boots and gloves will provide a basic level of protection for chemical incidents.
6. Accidental release measure	\$
Personal precautions, protecti	ve equipment and emergency procedures
Personal precautions	Wear protective clothing as described in Section 8 of this safety data sheet. No action shall be taken without appropriate training or involving any personal risk. Do not touch or walk into spilled material. Evacuate area. Risk of explosion.
Environmental precautions	
Environmental precautions	Avoid discharge into drains or watercourses or onto the ground.
Methods and material for cont	ainment and cleaning up

Methods and material for containment and cleaning up

Methods for cleaning up	Wear protective clothing as described in Section 8 of this safety data sheet. Clear up spills immediately and dispose of waste safely. Eliminate all ignition sources if safe to do so. No smoking, sparks, flames or other sources of ignition near spillage. Under normal conditions of handling and storage, spillages from aerosol containers are unlikely. If aerosol cans are ruptured, care should be taken due to the rapid escape of the pressurized contents and propellant. Small Spillages: Wipe up with an absorbent cloth and dispose of waste safely. Large Spillages: If the product is soluble in water, dilute the spillage with water and mop it up. Alternatively, or if it is not water-soluble, absorb the spillage with an inert, dry material and place it in a suitable waste disposal container. Flush contaminated area with plenty of water. Wash thoroughly after dealing with a spillage. For waste disposal, see Section 13.
Reference to other sections	For personal protection, see Section 8. See Section 11 for additional information on health hazards. See Section 12 for additional information on ecological hazards. For waste disposal, see Section 13.
7. Handling and storage	
Precautions for safe handling	
Usage precautions	Read and follow manufacturer's recommendations. Wear protective clothing as described in Section 8 of this safety data sheet. Keep away from food, drink and animal feeding stuffs. Avoid exposing aerosol containers to high temperatures or direct sunlight. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Spray will evaporate and cool rapidly and may cause frostbite or cold burns if in contact with skin. Avoid contact with eyes. Avoid inhalation of vapors and spray/mists.
Advice on general occupational hygiene	Wash promptly if skin becomes contaminated. Take off contaminated clothing and wash before reuse. Wash contaminated clothing before reuse.
Conditions for safe storage, in	cluding any incompatibilities
Storage precautions	Store away from incompatible materials (see Section 10). Keep only in the original container. Keep container tightly closed, in a cool, well ventilated place. Keep containers upright. Protect containers from damage. Protect from sunlight. Do not store near heat sources or expose to high temperatures. Do not expose to temperatures exceeding 50°C/122°F.
Storage class	Chemical storage.
Specific end uses(s)	
Specific end use(s)	The identified uses for this product are detailed in Section 1.
Usage description	Lubricant.
8. Exposure controls/Persona	al protection

Control parameters

Occupational exposure limits

HFC-134a Tetrafluoroethane

Long-term exposure limit (8-hour TWA): OES 4240 mg/m³

PROPAN-2-OL

Long-term exposure limit (8-hour TWA): OSHA 400 ppm 980 mg/m³ Long-term exposure limit (8-hour TWA): ACGIH 200 ppm 492 mg/m³ Short-term exposure limit (15-minute): ACGIH 400 ppm 984 mg/m³ A4

OSHA = Occupational Safety and Health Administration. ACGIH = American Conference of Governmental Industrial Hygienists. A4 = Not Classifiable as a Human Carcinogen.

Additional Occupational Exposure Limits	
Ingredient comments	WEL = Workplace Exposure Limits
Exposure controls	
Protective equipment	
Appropriate engineering controls	Provide adequate ventilation. Observe any occupational exposure limits for the product or ingredients.
Eye/face protection	Unless the assessment indicates a higher degree of protection is required, the following protection should be worn: Tight-fitting safety glasses.
Hand protection	No specific hand protection recommended.
Other skin and body protection	Wear appropriate clothing to prevent repeated or prolonged skin contact.
Hygiene measures	Wash after use and before eating, smoking and using the toilet. Do not eat, drink or smoke when using this product.
Respiratory protection	Ensure all respiratory protective equipment is suitable for its intended use and is NIOSH approved. Check that the respirator fits tightly and the filter is changed regularly. Gas and combination filter cartridges should comply with OSHA 1910.134. Full face mask respirators with replaceable filter cartridges should comply with OSHA 1910.134. Half mask and quarter mask respirators with replaceable filter cartridges should comply with OSHA 1910.134.
Environmental exposure controls	Keep container tightly sealed when not in use.

9. Physical and chemical properties

Appearance	Liquid. Aerosol.
Color	White/off-white. Waxy solid.
Odor	Slight alcoholic.
Odor threshold	Not determined.
Melting point	PTFE Content only 300°C/581°F
Initial boiling point and range	-26.5°C/-15.7°F @ 101.3 kPa
Flash point	No information available.
Evaporation rate	No information available.
Evaporation factor	No information available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability or explosive limits	Not determined.
Other flammability	The product is not flammable.
Vapor pressure	663 kPa @ 25°C

Vapor density 3.18 @ 25 (C) / 77 (F) Relative density No information available. Buik density No information available. Solubility(les) Slightly soluble in water. Partition coefficient No information available. Decomposition Temperature No information available. Decomposition Temperature No information available. Explosive properties No information available. Comments Aerosol. Particle size 1.15 micron Volatility of properties No information available. Comments Aerosol. Particle size 1.15 micron Volatile organic compound No information available. Stability and reactivity See the other subsections of this section for further details. Stability of hazardous Stable at normal ambient temperatures and when used as recommended. Notes (inhalation LC ₅₀) Based on available data the classification criteria are not met. Skin corrosion/irritation Animal data Based on available data the classification criteria are not met. Serious eye damage/irritation Eased on available data the classification criteria are not met.		Based on available data the classification criteria are not met.
Skin corrosion/irritation Animal data Based on available data the classification criteria are not met. Serious eye damage/irritation		Based on available data the classification criteria are not met
Animal data Based on available data the classification criteria are not met. Serious eye damage/irritation Example data the classification criteria are not met.		
		Based on available data the classification criteria are not met.
	Serious eye damage/irritation	
Senous eye damage/imation based on available data the classification cheena are not met.	Serious eye damage/irritation	Based on available data the classification criteria are not met.
	Respiratory sensitization	
	Respiratory sensitization	

Respiratory sensitization	Based on available data the classification criteria are not met.
Skin sensitization	
Skin sensitization	Based on available data the classification criteria are not met.
Germ cell mutagenicity Genotoxicity - in vitro	Based on available data the classification criteria are not met.
Carcinogenicity	
Carcinogenicity	Based on available data the classification criteria are not met.
IARC carcinogenicity	Contains a substance which may be potentially carcinogenic. IARC Group 3 Not classifiable as to its carcinogenicity to humans.
Reproductive toxicity	
Reproductive toxicity - fertility	Based on available data the classification criteria are not met.
Reproductive toxicity - development	Based on available data the classification criteria are not met.
Specific target organ toxicity -	single exposure
STOT - single exposure	Not classified as a specific target organ toxicant after a single exposure.
Specific target organ toxicity -	repeated exposure
STOT - repeated exposure	Not classified as a specific target organ toxicant after repeated exposure.
Aspiration hazard	
Aspiration hazard	Based on available data the classification criteria are not met.
General information	The severity of the symptoms described will vary dependent on the concentration and the length of exposure.
Inhalation	Spray/mists may cause respiratory tract irritation.
Ingestion	Due to the physical nature of this product, it is unlikely that ingestion will occur.
Skin Contact	Repeated exposure may cause skin dryness or cracking.
Eye contact	May be slightly irritating to eyes. May cause discomfort.
Route of exposure	Ingestion Inhalation Skin and/or eye contact
Target Organs	No specific target organs known.
T	and the state

Toxicological information on ingredients.

HFC-134a Tetrafluoroethane

Other health effects	There is no evidence that the product can cause cancer.
Acute toxicity - inhalation	
Acute toxicity inhalation (LC₅₀ gases ppmV)	567,000.0
Species	Rat
ATE inhalation (gases ppm)	567,000.0

	Inhalation	Vapors irritate the respiratory system. May cause coughing and difficulties in breathing.
	Ingestion	May cause stomach pain or vomiting. May cause nausea, headache, dizziness and intoxication.
	Skin Contact	May cause allergic contact eczema. Contact with liquid form may cause frostbite.
	Eye contact	May cause temporary eye irritation.
		PROPAN-2-OL
	Acute toxicity - inhalation	
	Acute toxicity inhalation (LC₅ vapours mg/l)	16,000.0
	ATE inhalation (vapours mg/l)	16,000.0
	Carcinogenicity	
	IARC carcinogenicity	IARC Group 3 Not classifiable as to its carcinogenicity to humans.
	NTP carcinogenicity	Not listed.
	OSHA Carcinogenicity	Not listed.
12. Ecologica	al information	
Ecotoxicity		arded as dangerous for the environment. However, large or frequent spills may have us effects on the environment.
Toxicity	Based o	on available data the classification criteria are not met.
Acute aquati		
Acute toxicity		hours: 450 mg/L mg/l, Fish
Acute toxicity invertebrates	•	3 hours: 980 mg/L mg/I, Daphnia magna
Ecological in	formation on ingredients.	
		HFC-134a Tetrafluoroethane
	Acute aquatic toxicity	
	Acute toxicity - fish	LC₅₀, 96 hours: 450 mg/l, Fish
	Acute toxicity - aquatic invertebrates	EC₅₀, 48 hours: 980 mg/l, Daphnia magna
		PROPAN-2-OL
	Acute aquatic toxicity	
	Acute toxicity - fish	LC₅₀, 96 hours: 9,640 mg/l, Fish
	Acute toxicity - aquatic invertebrates	EC₅₀, 48 hours: 5102 mg/l, Daphnia magna
	Acute toxicity - aquatic plants	IC₅₀, 72 hours: >2,000 mg/l, Algae

Persistence and degradability

Persistence and degradability	The degradability of the product is not known.
Bioaccumulative potential	
Bio-Accumulative Potential	No data available on bioaccumulation.
Partition coefficient	No information available.
Ecological information on ingre	
	HFC-134a Tetrafluoroethane
Partition coefficie	nt Pow: 1.06
	PROPAN-2-OL
Partition coefficie	nt : 0.05
Mobility in soil	
Mobility	The product contains volatile organic compounds (VOCs) which will evaporate easily from all surfaces.
Other adverse effects	
Other adverse effects	None known.
13. Disposal considerations	
Waste treatment methods	
General information	The generation of waste should be minimized or avoided wherever possible. Reuse or recycle products wherever possible. This material and its container must be disposed of in a safe way. When handling waste, the safety precautions applying to handling of the product should be considered. Care should be taken when handling emptied containers that have not been thoroughly cleaned or rinsed out. Empty containers or liners may retain some product residues and hence be potentially hazardous.
Disposal methods	Do not empty into drains. Empty containers must not be punctured or incinerated because of the risk of an explosion. Dispose of surplus products and those that cannot be recycled via a licensed waste disposal contractor. Waste, residues, empty containers, discarded work clothes and contaminated cleaning materials should be collected in designated containers, labeled with their contents.
14. Transport information	
UN Number	
UN No. (IMDG)	1950
UN No. (ICAO)	1950
UN proper shipping name	
Proper shipping name (TDG)	LIMITED QUANTITY
Proper shipping name (IMDG)	UN1950, Aerosols, Non-Flammable, 2.2, Limited Quantity
Proper shipping name (ICAO)	UN1950, Aerosols, Non-Flammable, 2.2, Limited Quantity
Proper shipping name (DOT)	LIMITED QUANTITY
Special precautions for user	
Not applicable.	

Transport in bulk according to Not relevant. No information required. Annex II of MARPOL 73/78 and the IBC Code

15. Regulatory information

Guidance Workplace Exposure Limits EH40. Introduction to Local Exhaust Ventilation HS(G)37.

US Federal Regulations

SARA Section 302 Extremely Hazardous Substances Tier II Threshold Planning Quantities None of the ingredients are listed or exempt.

CERCLA/Superfund, Hazardous Substances/Reportable Quantities (EPA) None of the ingredients are listed or exempt.

SARA Extremely Hazardous Substances EPCRA Reportable Quantities

None of the ingredients are listed or exempt.

SARA 313 Emission Reporting

None of the ingredients are listed or exempt.

CAA Accidental Release Prevention None of the ingredients are listed or exempt.

FDA - Essential Chemical

None of the ingredients are listed or exempt.

FDA - Precursor Chemical

None of the ingredients are listed or exempt.

SARA (311/312) Hazard Categories

None of the ingredients are listed or exempt.

OSHA Highly Hazardous Chemicals

None of the ingredients are listed or exempt.

US State Regulations

California Proposition 65 Carcinogens and Reproductive Toxins None of the ingredients are listed or exempt.

California Air Toxics "Hot Spots" (A-I) The following ingredients are listed or exempt:

PROPAN-2-OL

California Air Toxics "Hot Spots" (A-II) None of the ingredients are listed or exempt.

California Directors List of Hazardous Substances

The following ingredients are listed or exempt:

PROPAN-2-OL

Massachusetts "Right To Know" List

The following ingredients are listed or exempt:

PROPAN-2-OL

Rhode Island "Right To Know" List

The following ingredients are listed or exempt:

PROPAN-2-OL

Minnesota "Right To Know" List

The following ingredients are listed or exempt:

HFC-134a Tetrafluoroethane

PROPAN-2-OL

New Jersey "Right To Know" List

The following ingredients are listed or exempt:

PROPAN-2-OL

Pennsylvania "Right To Know" List

The following ingredients are listed or exempt:

PROPAN-2-OL

Inventories

US - TSCA All the ingredients are listed or exempt.

US - TSCA 12(b) Export Notification

The following ingredients are listed or exempt:

Poly-tfe, omega-hydro-alpha-(methylcyclohexyl)

16. Other information

Classification abbreviations and acronyms	Aerosol = Aerosol
Training advice	Only trained personnel should use this material.
Revision date	1/17/2019
Revision	31
Supersedes date	6/23/2017
SDS No.	AEROSOL - DGF14A
SDS status	Approved.
Hazard statements in full	H225 Highly flammable liquid and vapor. H280 Contains gas under pressure; may explode if heated. H319 Causes serious eye irritation. H336 May cause drowsiness or dizziness.
